About FIRST Team 1610

Founded in 2005, the "Builders of Tomorrow" were crowned the Virginia "Rookie All-Stars" in our first season and we never looked back. Team 1610 is a past Virginia Regional Champion and we compete yearly against other teams from around the world.

What is FIRST?

"To transform our culture by creating a world where science and technology are celebrated and where young people dream of becoming science and technology leaders."

Dean Kamen, Founder

FIRST (For Inspiration and Recognition of Science and Technology) was founded in 1989 to inspire young people's interest and participation in science and technology. Under strict rules, limited resources, a common kit of parts, and time limits, teams of students are challenged to raise funds, design a team "brand," hone teamwork skills, and build and program robots to perform prescribed tasks against a field of competitors. It's as close to "real-world engineering" as these students can get.

How Can You Help?

Are you interested in helping our team stay successful? We need mentors experienced in engineering, fabrication, physics, computer aided design, and programming (just to name a few) who are willing to work with our students. Any little bit helps and we welcome you to come work with us as much or as little as you can.

How FRC Works: The FIRST Robotics Competition combines the excitement of sport with science and technology. FRC helps high-school aged young people discover the rewarding and engaging world of innovation and engineering.

Sponsorship Opportunities

Would your company or organization like to sponsor our team through a monetary donation? All donations are tax deductible!

Yellow Level Sponsor: \$50 or greater

- Name or logo on team banner
- Included on team sponsor list

Blue Level Sponsor: \$150 or greater

- Link and logo on team website
- Included in rotating ad on website

Silver Level Sponsor: \$250 or greater

- Name or logo on our next robot

Gold Level Sponsor: \$350 or greater

- Listed as sponsor on team shirts

Each sponsorship level includes all benefits included in lower sponsor levels.

For more information about Team 1610, mentoring the team, sponsorship opportunities and benefits, or to schedule the team to make a presentation to your organization or business, please contact team coach Liz Burgess at:
